Re: Trench and Confined Space Rescue Equipment

Dear Council:

The Mayor has approved legislation for the purchase of Trench and Confined Space Rescue Equipment. This equipment will provide an extra level of safety protection for the Utilities Department as well as the Fire Department along with other internal and external entities. This equipment will be purchased from Municipal Emergency Services under state contract pricing in the amount of \$129,741.29 and also from the sole source vendor, Atlantic Emergency Solutions in the amount of \$477,380.00.

Please let me know if there are any questions.

Sincerely,

Reviewed:

Mike Caprella
Utilities Director

Meri Foster
Director of Finance

Approved:

Sharetta T. Smith, JD, MBA
Mayor
