Lima City Council
Jamie Dixon
50 Town Square
Lima, Ohi 45801

Dear Council President
Mr. Dixon and Members
Of Lima City Council

I hope this letter finds you well. I am writing on behalf of Lima-Allen County Neighborhoods In Partnership Resource Center (LACNIP) to request your continued support in sustaining the insurance coverage for the city-owned building located at 1440 W Spring St., which serves as our operational hub. This building is not only a vital resource for LACNIP Resource Center but also for the surrounding community, as it supports a variety of programs and initiatives aimed at neighborhood revitalization, community engagement, and local development.

Over the years, LACNIP has worked diligently to enhance the quality of life in Lima by fostering strong neighborhood associations, providing leadership training, and offering a space for community-driven projects. The availability of a dedicated space has been instrumental in facilitating these efforts. However, the rising costs of maintaining insurance coverage have become a significant financial challenge for our organization.

We are requesting the City Council's assistance in maintaining financial support for the insurance on this city-owned property. Continued support would ensure that LACNIP

Resource Center can focus its resources on our core mission-building stronger, safer neighborhoods-without being overburdened by operational costs.

We believe that with the Council's backing, we can sustain our mission and continue to be a driving force for positive change within the Lima community. I would be happy to discuss this matter further or provide any additional information you may need. Thank you for your time, consideration, and ongoing commitment to the well-being of our city.

Sincerely,

Denise James
President
Lima-Allen County
Neighborhoods In
Partnership (LACNIP)
Resource Center
