Re: Toole Design Group Contract

Dear Council:

The Mayor has authorized legislation to enter into contract with Toole Design Group, LLC. This contract will assist the City of Lima in developing a neighborhood traffic management program. This study will include, but is not limited to a report summarizing public input received, traffic volume and speed data collected, strategies for managing traffic volume and speed, recommendations for prioritization criteria and a traffic calming “toolbox”. It will help to address safe & livable neighborhoods and enhance our urban infrastructure. The total cost of the contract will not exceed \$103,189.00. Funds are available through the Engineering Division’s Professional Services account. Please contact Ian Kohli at any time if you have questions regarding this communication.

Sincerely,
