Lima, OH 45801

Reference: Purchase of Network Switches

This communication is to inform you of our intent to enter into contract to purchase 5 Cisco network switches for the Lima Municipal Court to replace the switches purchased in 2015.

The total cost for 5 Cisco network switches is \$60,057.69. This pricing is in accordance with State of Ohio term schedule STS-033-534612 and will be purchased through Perry ProTech.

The funds for the payment of the switches will be split 50/50 from Clerk's Computer Account (5200-1117-58015) and the Judges Special Projects (3710-1117-58015). The expenditure of these funds have already been allocated and approved by council when the 2025 budget was approved.

The Mayor has authorized legislation to enter into the contract for the purchase of the network switches. This legislation appears on your agenda.

Sincerely,

  
Tiffany R May  
Court Administrator

Approved:  
  
Sharetta Smith  
Mayor

## Client Recommendation

# PERRYPROTECH

Network • Security • Technology

PERRY proTECH's estimated labor proposal has been created in collaboration with the client, and all reasonable efforts have been made to provide a comprehensive quote. Upon acceptance, PERRY proTECH will perform the services described in the estimate. Any additional services requested but not covered by the estimate will incur additional charges. These additional charges may include, but are not limited to, working with third-party software companies, extra project management, data migrations, or any unforeseen tasks discovered after the project commences.

All break-fix work not covered under an existing managed services plus or premium contract will be invoiced for at least one (1) hour. After the first hour, labor will be billed in 15-minute increments.
