Re: Annexation request of Health Partners of Western Ohio

Dear Council:

Health Partners of Western Ohio (HPWO) has contacted the City about the possibility of annexing 9.825 acres in American Township into the City of Lima. This property is located on the west side of the 2200 hundred block of North Cole Street.

The City administration looks favorably upon this annexation request and would like to enter into a pre-annexation agreement with HPWO, which would include covering the direct expenses (legal & survey) incurred by them in the annexation process. Your passage of this ordinance would be greatly appreciated.

Sincerely,

Sharetta T. Smith, JD, MBA
Mayor
