Re: Dispose of PW67 on Govdeals

Dear Council:

The Mayor has authorized legislation to dispose of PW67, 2008 International 7400 Series Single Axle Dump Truck, on Govdeals.com.

This truck has reached the end of its useful life and is no longer suitable for municipal operations. It was removed from snow removal service last year due to a failed hydraulic control system. Since then, it has only been used for limited basic dumping. However, the dump body and bed frame have continued to deteriorate due to extensive rust. The bed is now unsafe, with the hinge pin assembly having detached from the chassis, rendering the unit inoperable for further use.

Given its current condition and the cost-prohibitive nature of repairs, we recommend selling the vehicle as-is through on GovDeals.com. This action supports the City's goal of responsible investment and continuity of services by ensuring Public Works resources are reliable, safe, and efficiently allocated.

Sincerely,
